

PrehKeyTec

Maximum Configurability

Are your designs being compromised by less than adequate keyboards?

- Etched labels on keys completely customizable for intuitive operations
- Programmed keys reduce complexity by eliminating keystrokes and operator errors
- Custom configurations for unique applications is our specialty
- Keyboard housing can include your logo

Rugged Reliability

How much does a down system cost you?

- 30 Million actuations guaranteed
- IP54 rated keypad is dust and spill resistant

Designed specifically for heavy use applications, PrehKeyTec keyboards continue to perform long after others have failed. PrehKeyTec is so confident of the quality and durability of our German engineering, that a three-year warranty is standard on every unit.

Available in a compact Row & Column layout, the PrehKeyTec MCI30 keyboard is well suited for lottery, payment terminals, grocery and ticketing applications.

Cable management - simplified
Stuck keys - impossible
Ugly equipment - gone
Learning curves - shorter
Counter space - increased
Down Lanes - rarely

MCI 30

Integrated Options

3 Track MSR

MCI 30 with MSR and Customized color keys

Ideal for high volume scanning operations where the keyboard is used primarily for tendering and PLUs. Use of double and quad keys makes this a very intuitive, uncluttered design for both new and experienced cashiers.

Features

- 30 programmable key positions (5 X 6 Keys)
- 7.193" L x 4.685" W
- Integrated option:
 - Bi-directional 3 track MSR
- Self detecting interface: USB and PS/2 (with included adaptor)
- Liquid Dust Resistant IP 54 rated
- OPOS, JavaPOS and WEPOS drivers
- Windows®, Linux, DOS and Mac compatible
- PrehKeyTec WinProgrammer software
- 3 Year Warranty
- Color Black

Additional Options:

- Any color for 500 units or more
- Customized Logo
- Colored keys with wear resistant etched symbols
- Double and Quadruple size keys
